

PRESS RELEASE

LWR RANKS No. 241 ON THE NATION WIDE 2017 PROFIT 500 LIST

Canadian Business Unveils 29th Annual List of
Canada's Fastest-Growing Companies

FOR IMMEDIATE RELEASE

Calgary (September 14, 2017) *Canadian Business* and PROFIT today ranked Livestock Water Recycling No. 241 on the 29th annual PROFIT 500, the definitive ranking of Canada's Fastest-Growing Companies. Published in the October issue of *Maclean's* magazine and at CanadianBusiness.com, the PROFIT 500 ranks Canadian businesses by their five-year revenue growth.

LWR made the 2017 PROFIT 500 list with five-year revenue growth of 252% as the worldwide demand for manure treatment technology continues to grow at a rapid pace. LWR's award winning First Wave System and the recently launched LWR² are revolutionizing the way manure is managed on hog and dairy farms.

"It is never easy to earn a spot on the PROFIT 500, but this year's applicant pool was the most competitive yet," says Deborah Aarts, PROFIT 500 program manager. "This year's winners demonstrate the resilience,

The LWR System segregates and concentrates livestock manure into nutrient rich solid and liquid fertilizers, while the rest is recycled into clean, potable water.

innovation and sheer management smarts it takes to build a thriving business today. Canada—and the world—needs more entrepreneurial success stories like these.”

LWR Director of Operations, J.R. Brooks says that they are proud and honored to be on the 2017 PROFIT 500 ranking.

“This is an important barometer for us, and validation of our market position as the global leader in manure treatment technology. We are focused on providing our customers with innovative and effective technology that will save them time and money. This recognition is a testament to the dedication and passion of our team and to the disciplined focus that has brought our disruptive technology to the livestock industry.”

About the PROFIT 500 For 29 years, the PROFIT 500 has been Canada’s most respectable and influential ranking of entrepreneurial achievement. Developed by PROFIT and now published in *Maclean’s* magazine and at CanadianBusiness.com, the PROFIT 500 ranks Canadian companies on five-year revenue growth. For more information on the ranking visit PROFIT500.com or CanadianBusiness.com.

About Livestock Water Recycling, Inc. – LWR is a first-class global manufacturer of manure treatment systems that provide hog, dairy and anaerobic digester operations with patented manure treatment technology to recycle clean water and fertilizer nutrients from livestock manure for reuse at the farm. The LWR system saves farmers time and money by providing them with a cost-effective solution to manage manure in a sustainable manner. LWR has systems operating throughout Canada and the US. LWR will be exhibiting at World Dairy Expo in Madison, Wisconsin from October 3 – 7, 2017.
